I have several times been treated by Narasimma Pandit the Office Hakim very successfully. It would certainly be convenient to have him, only his attendance in Office maybe more frequent.

I agree

One cannot sufficiently praise the Ayurveda system. If our Hakim visits the office daily, most of our men can derive immense relief by his treatment of toppling ailments -

I agree with our N Venkatesan

Mr Narasimhaiya who has been a ready relief to poor officials & servants resorting to him for treatment.

Ayurvedic medicines render a great deal of relief to the sick & so the native doctor is quite necessary. But it would be better if he is made to attend office as often as possible.

ML

A native doctor is quite necessary as he has often treated me including my family members. Whenever we are in need of his service he comes to our houses and treats the patients.

HS 25/1/13. I agree with the above.

I have on many occasions availed myself of the Services of our Office Hakeem whose medicines have been efficacious. He is really a boon to the poor Officials & menials (one hears an army of them) of this office.

Though I have had no occasion to try Nor Narasimhayya, I have heard my co-clerks say that he is a very successful Hakim.

29.1.13

I have also heard good reports of Pandit Narasimhayya.

Where the patient was without any means of subsistance, he has given, medicines, as well as nursing at- home at his own Expense, till the patient recovers

Such an institution of a Hakeem is absolutely necessary for a big Town like this. Where there are many poor Servants Coolies and Bhandaris &c, who prefer to take native medicines, because they are cheaper than English ones*. A Hakeem will cause much inconvenience if the institution be abolished. The institution deserves every encouragement

* Certainly it would be a pity if in these days of Medical Progress it is an Object of Government to establish Asylums for Vaidyas & Hakeems all over the Province. Such a long standing institution of a Hakeem of the Dewan's office should be abolished

Whenever I was in need of medical aid I used to send for Drs. Narasimma Pandit - He readily responded to my calls and attended on me and other members of my family successfully -

For officials of our stamp he has been very useful - Should we be deprived of his medical aid we will be put to much inconvenience and unnecessary expenses -

It is our ardent desire that he should be kept on in service as heretofore for the reasons assigned above and by my friends on the foregoing pages -

also attended on some of my relatives, with success. I humbly think that his continuance in service will be much appreciated — when I was living in the City I have seen several patients going to his house for treatment —

I have heard very good reports of Mr. Narasimha Pandit's usefulness as a Hakim, and have always thought that his services were indispensible in our office, where we have a large number of ministerial and menial officials, who freely court his treatment. It would be a great pity if the highest administrative office is denied the privilege of having an Ayurvedic Doctor especially at a time when Government are actively assisting the establishment of Ayurvedic and Unani Hospitals all over the Province.
